ASSIGNMENT DETAILS

I am Cherian Joseph. I am a graduate student at H. Milton School of Industrial and Systems Engineering, Georgia Institute of Technology and am pursuing my Masters in Industrial Engineering at the university. My field of research is in Supply Chain and Logistics with primary focus on global supply chain strategy and routing optimization of finished automotives and auto ancillary. I have completed two semesters at Tech and will be completing my course after one more semester which commences after the internship.

I come from India. Prior to joining Georgia Tech, I got my bachelor's degree in Mechanical Engineering from University of Pune and worked for three years with Tata Motors, an automotive firm in India. I am currently living in Atlanta where my school is located.

I have a basic understanding of German language since I took a course in high school. I left India to come to United States for the Masters program I am currently pursuing.

I will be interning with R&D dept. at CONTI at Hanover, Germany this summer. My internship commences on the 26th of May and ends on the 16th of August 08'. |
